Effective 11/1/2011

- New Environmental Health fees for fiscal year 2011-2012.
- The Benzie-Leelanau District Health Department's Environmental Health front desk will be **closed on Fridays** due to reduced funding.

The below budget factors are the reasons why we will be closing on Fridays:

- Reduced State Funding in most programs
- Reduced permit fee revenue in Environmental Health
- No increase in local appropriations from Benzie County for the past two years resulting in higher permit fees for Benzie County vs. Leelanau County
- Lack of revenue sources for the Leelanau Resource Center
- Reduced sanitarian time

Environmental Health front desk office hours will be:
Monday through Thursday
8:00 to 12 Noon and 1 to 4:30 pm

Sanitarians may be contacted by phone or e-mail.
